EDUCATION

2023 - 2023

SheCodes

Front-end Developer

2014 - 2014

IHK Hanau

Management Assistant for Office
Communication

SKILLS

- Languages: HTML, CSS, JavaScript
- Frameworks: React,
- Tools: Git, npm, Netlify
- Design: Figma
- Responsive Design: Bootstrap
- Version Control: Git, GitHub

PROJECTS

Las Vegas Landing Page

SheCodes Basic

I gained some knowledge in HTML, CSS, and JavaScript in the beginner's workshop. I used these languages and my new skills in VS Code to build a landing page about Las Vegas. The page utilizes HTML and CSS only to create user interaction.

Dictionary App

SheCodes React

I delved deeply into React development through the comprehensive SheCodes React program. Leveraging the skills acquired during this immersive learning experience, I successfully applied my knowledge to create a functional dictionary app.

Weather App

SheCodes Plus

As a participant in SheCodes Plus, an intensive 8-week JavaScript coding workshop, I honed my programming skills to an advanced level. During this transformative journey, I took on the challenge of building a Vanilla JavaScript weather app, leveraging not only my prior knowledge but also acquiring proficiency in various advanced concepts.
